VIII. **Council Liaison Reports**

1. **Chamber Liaison (Councilor St Onge)**

Councilor St Onge reported that at the last meeting, Commissioners Springer and Starrett came to showcase a printed pamphlet called Grow Yamhill County. They explained how they now spend economic development funds which are really lottery funds. City governments can request grants of up to \$10,000. You can go on line and see an application to for economic development funds. The Chamber discussed using an outside vender to maintain the flower baskets. The Chamber Dinner is coming up. The cost is \$12.00 and it should be lots of fun.

3. YCOM Board (Councilor Baller)

At this time, Mayor Adams introduced Tim Borman. Mr Borman introduced himself to the Council. He was representing "Your Community Mediators of Yamhill County." This organization provides services throughout the County and he was present to ask Council for \$606 to support the organization. He gave a brief overview of their activities, and focused on a program with which he has been involved called "Teaching Peace." He went on to thank the Council for their past support and noted that this year they lost two of their largest contributors, Nike and United Way. Councilor St Onge asked what was budgeted for contributions. Debra Bernard did not know, but passed her a copy of the current budget. Mayor Adams apologized for his misunderstanding that Mr Borman was with YCOM and asked that the information be brought back to the Council at the next meeting, along with the amount contributed in the past.

Councilor Baller reported that YCOM approved the budget as proposed by the Budget Committee with a 6% increase.

Councilor Baller reported on an incident in her neighborhood where she had called 911 for assistance. In conversation with the dispatcher, she said she did not know the address in question. Councilor Baller asked for an updated map such as the one at City Hall.

Councilor Hill moved to give YCOM a copy of the City Planning Map that has addresses and tax lots.

1. Finance Committee

a. Minutes of Meeting of July 1, 2014

Mayor Adams asked for a motion to approve the July 1, 2014 minutes.

Councilor Hill asked that Council receive a financial report of monthly expenditure and income vs budget at each City Council meeting. He

indicated that he had talked with Sue Hollis, City Recorder, and she had said this reported could be prepared easily from the system.

**c. Replacement of City Recorder during Medical Leave
(Councilor St Onge)**

Councilor St Onge said she contacted the president of the Oregon Municipal Recorders Association who gave her a few names. Debra Bernard apologized for not explaining why she was present tonight. She reported that Hollis had a medical appointment and was home with her legs elevated per doctors orders. Bernard went on to state that Sue will not know the date of her leave until the end of July.

Councilor St Onge said as soon as we know the date we can probably get a retired City Recorder to fill in for \$20-\$30 dollars an hour. Discussion followed.

Councilor Hill offered a different thought -- that we train Debbie Bernard for some duties and bring in a part time CPA to work on the audit. Mayor Adams said if we have Debbie do more we need to pay her more. Councilor St Onge said it is unfair to ask Debbie and Amber do more. Debbie responded that adding more duties would push back the audit work further. The auditors have set dates that we need finish those goals. Debbie said Amber is quite talented so duties will have to shift to her while Debbie took over Sue duties. Debbie said the person that would be most help would be someone that has an accounting background. Debbie stated that her recommendation is to not get more behind before Sue returns.

Jeff Brown suggested that the Finance Committee meet with Sue Hollis and Debbie Bernard to discuss a recommendation to Council. It was decided that the Finance Committee would meet Monday at 4:00 and would follow-up with Council on their discussions.

2. **Public Works Committee (no meeting)**
3. **Planning Commission Report (Commissioner Ulrich)**

Commissioner Ulrich reported that they finished Chapters 1 and 5. They are two-thirds of the way through Chapter 3. They should have a first draft of Chapter 2 done on Monday. They are now over halfway finished with the rewrite of the Code. They are up to landscaping -- one of the most difficult chapters -- but it is moving ahead on a regular basis.

X. **Reports of City Officers**

1. **City Recorder – none**
2. **Public Works**
 - a. **Monthly Report**

Jeff Brown reported that the Cities has had extremely high usage of water, much more than usual. He reported that he has borrowed Sheridan's leak detention system that is better than our and will be checking for leaks.

Discussion followed about traffic for the Wildwood Music Festival. Councilor Vinson explained that she has asked ODOT if it was OK to use the city's signs for Pedestrian and Congestion Ahead during the Wildwood Music Festival. In the past, they have had to drive to Portland in the past to rent them. The Mayor called for a motion.

Councilor St Onge move to motion to allow the Wildwood Music Festival to use the city-owned Pedestrian and Congestion Ahead signs.

Councilor Hill seconded. Motion **carried** unanimously, with Councilors Baller, Bramall, Hill, Vinson, St Onge, and Stritzke voting aye.

Jeff Brown reported that the city has received a grant from our insurance carrier and one of the things purchased was a defibrillation which is located at the library. Councilor Baller asked who has been trained to use it. Brown responded all City staff.

3. Library

- a. **Library Board – no discussion**
- b. **Library Statistics (May 2014) no discussion**
- c. **Books on Tape Acquisition no discussion**
- d. **Youth Services Librarian Report (Verbal)**

Denise Willms, Youth Services Librarian, noted that the library has the defibrillator because there was a good, accessible wall for it and the library is open longer hours for access.

Willms reported that they dropped 60 eggs packaged by children during the egg drop. She gave parents the excess eggs. In addition, the egg drop was extra exciting as the ladder truck and firemen were present. It was kept a surprise and the kids were very excited. Also noted she has pictures of the Mayor dropping the eggs from top the fire truck. The Fire Department will be here on the 29th of July for stop drop and roll safety training. Denise Willms said this year has been a good program.

4. Sheriff's Office

- a. **Code Enforcement Report – June 2014 (handout)**

Mayor Adams called attention to the handout report (attached hereto and made a part hereof) and asked is there anything the council should know. Deputy Stuart noted that he continually goes back to the similar or same violators for tall grass.

Deputy Stuart stated that he wants to compliment Jeff Brown and his staff for making the downtown look great for the upcoming events. He also said he wanted to compliment BLM for keeping their property up. He said he received information from BLM that said they will take care of everything inside the fence and the city will be responsible to take care of everything outside. Councilor St Onge asked is there any agreement with any community group to take care of the property around BLM. Deputy Stuart said he is not aware of any. He said he was hired in 2008 by Sam Sasaki. He said he went to the Wildwood owners and others in the community that may have been involved with it and they did know either. Deputy Stuart said he gets calls from Gary Brooks that the property is not kept up. At this time the property looks good.

Councilor St Onge commented on the statement Deputy Stuart made that he returns to the same properties. She said it is her understanding that our directives from council are to be kinder instead of firm and NOT issue tickets right? So as a Council, she felt that we need to decide to be more firm so that Deputy Stuart does not have to go back regularly. Deputy

Stuart said he goes around the city in his car often to find violators. Councilor St Onge asked for code enforcement topic be discussed at the next work session. Councilor Hill said that he believe this same conversation was discussed 3 months ago on habitual offenders. She said it was her recollection was that it was about abandoned houses. Mayor Adams stated that this discussion can continue at the next meeting in August.

b. Crime Summary – June 2014

Sergeant Vandewettering shared that he was going on vacation in the next week. Next, he suggested moving the vendors for the 4th of July in next year to the lot where the old fire station used to be. Also, he said for him the 4th of July committee was good to work with and that the Parade went well. He commented on the volunteers and said they were fantastic. He said Jeff Brown is specifically was wonderful. He said when he asked Brown for something he has it taken care of. Sergeant Vandewettering said he is very appreciative of Jeff. The Council then stated to Jeff "Thank You".

Mayor Adams asked what is happening with all the assaults. He said he could not tell them why specifically; there are several factors.

Councilor St Onge moved to adjourn.

Note: *There were 5 separate Public Hearings scheduled for this date. Each was scheduled 15 minutes apart. There were no members of the public present to testify on any hearing except one. Mayor Adams opted to work down the regular agenda in between the hearings. To keep the continuity for the reader of these minutes, I have kept the order of the agenda as published.*

IV. Public Hearings**1. Proposed Water & Sewer Rate Increases – City of Willamina – 7:00 pm**

At 7:05 pm, Mayor Adams opened the public hearing to obtain public comment on a 5% increase starting with the June 16-July 15, 2014 billing. There were no members of the public present to testify and no members of City Council had comments or questions. The hearing was closed at 7:06 pm.

2. FY 2014/15 Budget Hearing – 7:15 pm

At 7:15 pm, Mayor Adams opened the Budget Hearing for the purpose of obtaining public comment on the budget for the fiscal year beginning July 1, 2014 as approved by the Budget Committee. There were no members of the public present who wished to testify at the hearing. There were no questions or comments from Council. The Budget Hearing was closed at 7:17 pm.

3. Proposed Use of State Revenue Sharing Funds in FY 2014/15 Budget – 7:15 pm

At 7:17 pm, Mayor Adams opened the Public Hearing for the purpose of obtaining public comment on the proposed uses of State Revenue Sharing Funds in the budget for the fiscal year beginning July 1, 2014. These funds are proposed to be used to assist with the cost of street lighting. There were no members of the public present who wished to testify at the hearing. There were no questions or comments from Council. The public hearing was closed at 7:18 pm.

4. Proposed Rate Increase – Recology Western Oregon – 7:30 pm

At 7:32 pm, Mayor Adams opened the Public Hearing for the purpose of obtaining public comment on a request for an annual rate increase for Recology Western Oregon which is proposed to be effective July 1, 2014. The rate increase is expected to be 1.5%.

Fred Stemmler, General Manager of Recology Western Oregon, was present. He reported that the actual increase would be 0.9%. The 1.5% was actually a sort of place holder until the CPI was published. Sue Hollis asked if the rates received June 1, 2014, were the actual new rates. Stemmler confirmed that this was the case. The increase will be about \$.12 per month on the most common rate (30 gallon) and the 90 gallon would go up \$.20/month.

There were no members of the public present to testify at the hearing and no members of Council had comments or questions. Mayor Adams closed the Public Hearing at 7:35 pm.

Councilor Baller asked the status of expanding the landfill. Mr Stemmler responded that they do not own the landfill. They do collect and divert waste to the facility. He noted that he has kept abreast of the issues and it does appear that the expansion will go forward. This will give them another 20 years. It will include a recycle center which, although it was not owned by Recology, he urged people to use it to keep as much waste as possible out of the landfill. Councilor Baller asked if his recycling center took window glass. He responded that it did and gave directions to the facility.

5. **Ordinance #657, Declaring & Correcting a Scrivener's Error in the City of Willamina Zoning Map**

At 7:40 pm, Mayor Adams opened a public hearing on Ordinance #657, Declaring and Correcting a Scrivener's Error in the City of Willamina Zoning Map. This will correct the map on tax lot numbers R6701DB-00301 and R6701DB-00500 on SW Main Street. This correction will not change the zoning on either property. It will merely correct the City's map to the same zoning shown on the map at the Department of Land Conservation and Development dated 1987.

Commissioner Ulrich noted that this change would result in the two properties having two different zones on each of them. He asked if anyone knew why this was done. Sue Hollis responded that she had asked the planner to check this out, but could not determine why it happened. It was done in 1987. Ulrich went on to note that the front part of each property is zoned Commercial Residential and the back part is Residential. Hollis noted that on the City's map, the second lot is currently shown as public space which is incorrect.

Mayor Adams closed the public hearing at 7:43 pm.

V. **Public Input** (7:07 pm)

None.

VI. **Proclamation**

Mayor Adams presented Sherry and Clyde Dawkins with a Proclamation (copy attached hereto and made a part hereof) declaring the last Saturday in June as "Total Destruction Racing Day." The Mayor and Council members thanked the Dawkins for their hard work in putting on this event each year to raise funds for the 4th of July fireworks. Clyde Dawkins thanked the Council and noted that they have a lot of fun doing this each year. Those assembled at the meeting gave them a big round of applause.

VII. Old Business**1. FY 2014/15 Police Services Contract Renewal**

Sue Hollis noted that this had come to Council previously, but they had wanted to wait until after the budget went to the Budget Committee to take action. Councilor St Onge stated that she was comfortable with the police services part of the contract but did not want to increase Code Enforcement. Following discussion, it was decided to move ahead with the contract and revisit the issue of Code Enforcement later.

Councilor Baller **moved** to approve the FY 2014/15 Police Services Contract Renewal.

Councilor Stritzke **seconded**. Motion **carried** unanimously, with Councilors Baller, Bramall, Hill, St Onge, and Stritzke voting aye. (Councilor Vinson absent)

Sue Hollis recommended that this be done in a Work Session. Councilor Hill suggested the next Work Session. Hollis responded that neither Deputy Stuart or the Mayor would be in town for that meeting. She noted that there is an item later in the agenda on future Work Session topics.

VIII. New Business**1. CCRLS IGA #10196600, Amendment #01**

Councilor Hill **seconded**. Motion **carried** unanimously, with Councilors Baller, Bramall, Hill, St Onge, and Stritzke voting aye. (Councilor Vinson absent)

Councilor Hill **moved** to approve the Contract for Land Use Planning Services with the MWVCOG.

Councilor Bramall **seconded**. Motion **carried** unanimously, with Councilors Baller, Bramall, Hill, St Onge, and Stritzke voting aye. (Councilor Vinson absent)

3. **Resolution #13-14.013, A Resolution Modifying the Master Services Agreement with US Bank**

Sue Hollis asked Councilor Hill to review the background for this item. Councilor Hill noted that for personal reasons he needs to change his official signature to "Gerald" to match his birth certificate, instead of "Gary" which is the name he has used since he was six weeks old. This will necessitate a change in our bank Master Services Agreement since his official signature will change.

Councilor St Onge **moved** to adopt Resolution #13-14.013, A Resolution Modifying the Master Services Agreement with US Bank.

Councilor Stritzke **seconded**. Motion **carried** unanimously, with Councilors Baller, Bramall, Hill, St Onge, and Stritzke voting aye. (Councilor Vinson absent)

6. **Resolution #13.14-016, A Resolution Increasing Rates for the Use & Sales of Water and Sewer Services**

Councilor St Onge **moved** to adopt Resolution #13-14.016, A Resolution Increasing Rates for the Use & Sales of Water and Sewer Services.

Councilor Stritzke **seconded**. Motion **carried** unanimously, with Councilors Baller, Bramall, Hill, St Onge, and Stritzke voting aye. (Councilor Vinson absent)

7. **Ordinance #657, An Ordinance Correcting Scrivener's Error in City of Willamina Zoning Map and Declaring an Emergency**

Deferred until after the public hearing. At 7:45 pm, Mayor Adams returned to this item on the agenda. Sue Hollis noted that the first step to adopt the ordinance would be to determine if any Councilor present wishes to have it read into the record.

Councilor St Onge **moved** to read Ordinance #657 into the record by title only.

Councilor Hill **seconded**. Motion **carried** unanimously, with Councilors Baller, Bramall, Hill, St Onge, and Stritzke voting aye. (Councilor Vinson absent)

Councilor Bramall **seconded**. Motion **carried** unanimously, with Councilors Baller, Bramall, Hill, St Onge, and Stritzke voting aye. (Councilor Vinson absent)

8. **Changes in June 26, 2014 Special City Council Meeting and Work Session**

Sue Hollis noted that the auditors have asked not to appear during the upcoming Special Meeting on June 26th, not at the work session. As a result, there is no topic for the work session scheduled for that night. The other part of the Work Session for that night was to be on the Water Master Plan but Peter Olsen, City Engineer, will be out of town and unable to attend. She asked Council if they wished to cancel the Work Session or select another topic. She noted that the League of Oregon Cities (LOC) has asked them to identify their top 4 legislative priorities for the upcoming Legislative Sessions. Mayor Adams noted that he will be out of town that night. It was the consensus of Council to do the LOC request at the Work Session on June 26.

IX. **Mayor's Report**

Mayor Adams noted that the 4th of July festivities are approaching and urged everyone to participate. He will be the host for the Logging Show this year. He will be competing in Idaho on the 20th in an invitational River Surfing event. The next weekend he will be in California at an ocean surfing event. On July 8th, he will be dropping the eggs in the Annual Egg Drop.

X. Council Liaison Reports**1. Chamber Liaison (Councilor St Onge)**

Councilor St Onge reported that Yamhill County Commissioner Allen Springer attended the meeting. He is developing an Economic Development Board and was seeking assistance from other business owners in the County to promote economic development.

The County has hired a contractor. There is a website and a paper pamphlet on Growing Yamhill County will be launched on Tuesday. The Wildwood Café and Hotel is in the pamphlet. There is a dinner for the West Valley Community Campus at the Lutheran Church on the 21st. There is an opportunity for a non-profit in Willamina to earn \$750 by helping out at Cycle Oregon. If anyone is interested, they should contact her. The Chamber has been offered approximately \$5,000 worth of marketing assistance for the City of Willamina. They are also working on signs for the highway that say "Food, Gas, Lodging."

2. School Board Liaison (None)**3. YCOM Board (Councilor Baller)**

Councilor Baller reported that their meeting last month was cancelled and the next one is scheduled for next week. They have not adopted their budget for the upcoming year.

XI. Council Committee Reports**1. Finance Committee (no meeting)****a. Report of Bills Paid – May 1-31, 2014**

Councilor Hill moved to approve the Report of Bills Paid for May 1 thru 31, 2014.

Councilor Bramall **seconded**. Motion **carried** unanimously, with Councilors Baller, Bramall, Hill, St Onge, and Stritzke voting aye. (Councilor Vinson absent)

2. Public Works Committee**a. Minutes of Work Session of May 27, 2014**

Councilor Baller noted that discussion had occurred about asking the Chamber if they wished to consider purchasing the old City Shop on NW Main or taking over the maintenance and paying the electric bill in exchange for the use of the premises.

She felt that a formal agreement of some type was needed that outlined the responsibilities of each party and what could and could not be stored on the property or how it must be stored, such as manure. She also suggested a timeline of no more than 5 years. This would allow both parties to review it to see if either of their needs had changed. Councilor St Onge reported that the Chamber had discussed this and would take over the maintenance and pay an annual check for electricity charges in lieu of rent. They recommended that a Letter of Understanding be developed outlining the arrangement. Councilor St Onge will provide a sample to the City Recorder.

3. Planning Commission Report (Commissioner Ulrich)

Commissioner Dennis Ulrich reported that they have finished up civic spaces and are moving on to road circulation. There is a public works document that takes care of all of that (City of Salem Public Works Standards). The document will refer to it and it is available on line. Their next task will be landscaping standards.

At this time (7:32 pm), Mayor Adams returned to Public Hearings #4 and #5(see above).

XII. Reports of City Officers

1. City Recorder

Sue Hollis reported that a problem had occurred when the auditors came in for field work last week. The audit adjustments were posted correctly, however, the year end reports were out of balance. Staff is working to determine what happened and correct the problem. In the meantime, field work on the audit has stopped.

Hollis reported on a training session she had attended that morning put on by the City's audit firm, Boldt, Carlilse + Smith. There is a new requirement that government entities must show the impact of their share of the PERS retirement fund beginning in 2015. This could have a negative impact on the City's financial reports since they will show as liabilities. She will keep Council informed as we know more about this issue.

2. Public Works**a. Monthly Report**

Jeff Brown, Public Works Director, reported that the focus this month will be on getting the town spruced up for the 4th of July, including painting curbs and clean-up.

He reported that they have been struggling this last week to keep up with water usage. We are not down, but are using as much as we are making. Staff located two service lines that are leaking on our side today and they will address them early next week. They will be checking for other leaks as well to assure that we keep on top of this.

Brown reported that our summer help has turned out to be a good worker.

Discussion followed about the planting area in front of the BLM Shop and who was responsible to weed it. Attention was also called to the window decorations around town.

3. Library**a. Library Board (no meeting)****b. Library Statistics (1st & 2nd Quarter)**

No discussion.

c. Youth Services Librarian Report

Councilor St Onge asked a question about why there were no expenses for the Library for May. Sue Hollis responded that the Library was told not to purchase books in June because there is no money left in that department. They are, however, waiting for July 1 to push the button!

Denise Willms, Youth Services Librarian, reported that the lizard man will be here for Summer Reading on Tuesday. She purchased a small canopy for use during the program as well. She will be doing crafts in the park as well during the summer. She also reported on a program for college savings that will provide a \$529 college savings account start for those who enter the drawing and, if one of our patrons wins we get \$500 for the children's section.

1) June 27, 2014 Family & Youth Benefits Fair

Willms called attention to the agenda memo from the Yamhill County Health and Human Services Department and gave a brief report on the upcoming Family & Youth Benefits Fair.

She noted that she would be happy to take any information, brochures, etc., from other Willamina groups to the event. Councilor St Onge stated that she had some information that could go.

4. **Sheriff's Office**

- a. **Code Enforcement Report – May 2014**
- b. **Crime Summary – May 2014**

No discussion.

Sergeant Vandewettering gave a brief report on the portable speed radar unit that was placed at a couple of locations around town recently. This instrument can collect data that helps in identifying "trouble spots" and can also be set to light up when someone is exceeding the speed limit. It was brought in because of a complaint on Barber Street, but the location picked for the equipment was not the best because it picked up traffic on a higher street. Sue Hollis reported that the man who had made the complaint about speeding on Barber had stopped by City Hall recently to thank the Sheriff's Office for their quick response. He felt that it made a difference even if it wasn't registering correctly. People at least paid attention to their speed. Councilor St Onge asked how we can request it for a specific location. Vandewettering responded that they should contact him. Discussion followed about how the unit works.

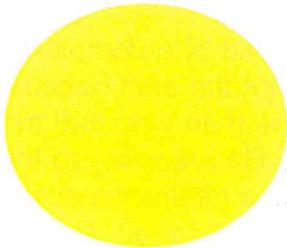

A car was stolen here in Willamina, but it was recovered about 7 minutes after it was stolen. Getting ready for the 4th of July, one of his biggest concerns is pedestrians crossing Main Street downtown. He will be talking with the event Committee about having some kind of crossing assistance. He felt it might be better to have these booths all on the same side of the street. Mayor Adams asked how many officers would be on duty this weekend. Vandewettering responded that there would be 3 for the parade and 2 after that. Discussion followed about issues related to the 4th in the past. They will be watching closely for illegal fireworks. Councilor Baller asked him to pass on her thanks to the Code Enforcement Officer for getting the high grass up near the water tank and other nearby neighborhoods mowed. Discussion followed.

XIII. Adjourn

Councilor St Onge **moved** to adjourn

Councilor Hill **seconded**. Motion **carried** unanimously, with Councilors Baller, Bramall, Hill, St Onge, and Stritzke voting aye. (Councilor Vinson absent)

MEMO TO: CITY COUNCIL

DATE: July 10, 2014

FROM: SUE HOLLIS, CITY RECORDER

**SUBJECT: DECLARING A NUISANCE TO EXIST AT 725 NE C STREET
(TAX LOT NUMBER R6701AC 1300)**

Background

1. Attached is a report from Deputy Kent Stuart, the City Code Enforcement Officer, regarding the issues with the subject property. This property has not been maintained since November 2011 when a fire destroyed the interior of the house. It is our understanding that the owner now lives in eastern Oregon.
2. In accordance with the attached Section 93.12 (Abatement by City) of the Municipal Code (hereafter called "Code"), the Chief of Police of the city or the Council must determine that a nuisance exists. Since we no longer have a Chief of Police, the responsibility falls to City Council.
3. If the Council concurs that a nuisance exists, a letter will be sent to the owner of the property directing her to abate the nuisance within ten (10) days. The letter will also be posted on the property. If she does not believe that a nuisance exists on the property, she has the right to appeal that decision with a written statement within that 10-day timeframe. The written statement would then be referred to the next regular Council meeting for a hearing.
4. If the owner does not protest the abatement within the 10 day time period, the City will contract to have the tall grass and weeds removed from the property. The costs, plus a 5% administrative fee, will be billed to the property owner. At this stage, there is an opportunity for the owner of the property to object to the cost and provide a written statement as to why they believe it is not correct. This would then come to the Council at their next regular meeting for a hearing. At that meeting, Council would finalize the assessment and enter the amount as a lien on the docket of city liens and with Yamhill County. Interest on the lien is set in the Code at 9% per annum and will begin to accrue 30 days after the entry of the lien in the lien docket.

5. No funds were included in this year's budget for abatement, however, this property is in a residential area and will only continue to get worse because there is no one taking responsibility for it. We do not have an estimate of what it will cost to abate this property, but the back yard, at least will not be able to be mowed with a standard mower. I would estimate that it will cost several hundred dollars at least. There is \$8,200 in the General Fund Contingency that could be used if Council so desires.

Recommendation

Based upon the information provided by Deputy Stuart, staff recommends that the City Council declare that a nuisance exists at 725 NE C Street (Tax Lot Number R6701AC 01300), said nuisance being tall grass and weeds in violation of Section 93.07(B)(5), and authorize abatement of the property by the City in accordance with Section 93.12 of the Willamina Municipal Code.

P.O. Box 336
Grand Rhonde, OR 97347

Re: Code violations at 725 NE C St., Willamina OR 97396 Tax Lot No. R6701AC 1300

Code Violations: ORD. 93.07, Section 5 and 11. Tall grass, weeds, and noxious vegetation taking over the property. There is also a variety of junk being stored on the property in plain view. See the attached photographs.

Action taken:

On 07-03-2014 I did a property inspection at 725 NE C St., Willamina and took photographs to document the current condition of the property. Upon arrival I observed a variety of vegetation that was several feet tall covering the front and back lawn of the residence. The walkway leading to the front door was almost impassable due to the amount of grass that had grown up next to the sidewalk. The rear of the residence was covered in tall grass, weeds, and blackberry vines. There were old tires stacked in front of the garage along with discarded wood cabinets, cardboard boxes and assorted other junk. The doors securing the garage had been ripped off their hinges and were leaning against the structure making it impossible to secure the garage. On the front door of the residence was a no trespassing sign with the owners name and disconnected phone number.

On 07-03-2014 I contacted the Grand Ronde Tribal Housing office in an attempt to locate Mrs. Sheker. Information received was that she no longer lived on tribal property. She now lives with her husband, David Tovey some place on the Umatilla Indian Reservation, in northeastern Oregon. I contacted the office for the Confederated Tribes of the Umatilla Indian Reservation and learned that David Tovey worked for the tribe but was unavailable.

On 07-03-2014 I contacted the Willamina Fire Department. Information received was that there was a house fire at the location on 11-12-2011. The fire was started by a burning candle that was being used by a renter in one of the upstairs bedrooms. The damage to the structure was so severe it made it uninhabitable. Information received was that the property owner received money from the insurance company for the damages but never made any repairs on the structure.

On 07-03-2014 I contacted the Yamhill County Tax Office in reference to ownership of the property. Information received is that Valorie Sheker is the owner of the property. The property taxes for years 2012 and 2013 have not been paid. See the attached real property sales information.

On 07-03-2014 I contacted the Yamhill County Clerks Office. Information received was that the owner had a first and second mortgage on the listed property. The first mortgage was with Wells

Fargo Bank, Loan No. 8621448 for \$85,000.00. The second mortgage was with Marion & Polk School Credit Union (Maps Credit Union) for \$14,000.00. Information received is that the loan from Wells Fargo has been satisfied and the loan from Maps Credit Union was forgiven. Information received was that Maps had the structure inspected and decided that the damage to the structure from the fire was so severe they did not require the owner to pay back the loan.

On 07-03-2014 I contacted the Yamhill Court offices in reference to a bankruptcy that the owner had filed in 2007. Information received was that the bankruptcy was handled by Attorney Gary Shultz of McMinnville. However, it was dismissed in 2012. Other information received was that Mrs. Sketer is behind in paying her personal income taxes and owes approximately \$16,000.00 in federal and state income taxes.

I attempted to send David Tovey an e-mail at the Umatilla Tribal office describing the situation with the property and requested that he have his wife contact me at Willamina City Hall. However, the e-mail never went through.

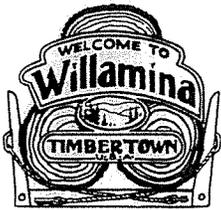

At this time I am asking the City Council to declare the property a nuisance and to move forward with the abatement process. The property has been in the same condition since it was originally damaged by the fire in November 2011. The owner has made no attempt to repair the structure or maintain the property so it would comply with the municipal codes.

I have e-mailed photographs of the property taken on 07-03-2014 to the City Recorder, Sue Hollis showing the current condition of the property. Please contact me if you have question.

Sincerely,

Deputy Kent Stuart

The property located at 725 NE C St., with in the city limits of Willamina is in violation of Ordinance 93.07, section 5 and 11. The tall grass, weeds, and noxious vegetation have taken over the property and is an extreme fire hazard. There is discarded tires and other junk that has been abandon on the property that needs to be disposed of.

According to the Yamhill County tax records the property is owned by a Valorie C. Sheker and the taxes have not been paid years 2012 and 2013. Information received is that Valorie is your wife. The reason for this e-mail is that we have no contact information for Valorie.

In 2013 the City of Willamina passed Ordinance No. 655 "Registration of Vacant Property". This ordinance requires the owner(s) of properties with in the city limits of Willamina to continuously comply with the registration, security, maintenance and inspection requirements imposed by the ordinance. Failure to do so will result in a fine of \$300.00 per day for each offense. It also requires the owners to post an 18" x 24" sign in the window of the residence listing 24/7 contact information and comply with all municipal codes related to the maintenance of the property. I have attached a copy of the "Vacant Property Registration". This form needs to be filled out and returned to City hall as soon as possible. There is no charge for the registration.

On 07-03-2014 I called your office and left you a voice mail requesting that you contact Willamina City Hall. Please advise if you are connected with the listed property. Because of the current condition of the property the City Council is getting ready to move forward and declare the property a nuisance. Once that happens the city will start the abatement process. Any assistance would be greatly appreciated. Thank you.

(3) A statement that if the person in charge of the property objects to the cost of the abatement as indicated, he or she may file a notice of objection with the City Recorder within 15 days from the date of the notice.

(B) Upon the expiration of 15 days after the date the notice of assessment is mailed, the proposed assessment shall be heard and determined by the Council as a part of its regular agenda at the next scheduled Council meeting. If the person in charge of the property has filed a notice of objection to the assessment as allowed above, the person may appear and be heard by the Council at the time set for the consideration of the assessment. MEMO TO: CITY COUNCIL

DATE: JULY 10, 2014

FROM: SUE C HOLLIS, CITY RECORDER

SUBJECT: PROPOSAL TO FORM LIBRARY DISTRICT TIMELINE (*Information Only*)

Background:

1. Given the on-going issues with funding local services such as libraries, a group of libraries has formed a group to explore the option of formation of a multi-county Library District. Melissa Hansen, Senior Librarian, and Denise Willms, Youth Services Librarian, have been involved in the preliminary discussions. Attached for your information is a timeline for both informal and formal proceedings necessary to put the question to the voters.
2. It should be noted that none of the cities have taken formal action to form this special district. A proposal and economic feasibility study are being prepared and should be completed in September 2014. Sometime after that date, cities will receive a presentation and at that time will need to make a decision about being included in the district boundaries.

Recommendation:

Information only at this time.

FINANCE COMMITTEE MINUTES

Tuesday, July 1, 2014

PRESENT: Councilor Hill
Councilor St Onge

ABSENT: Councilor Vinson

STAFF: Sue Hollis, City Recorder

I. Call to Order

The meeting was called to order at 4:05 pm. A quorum was present.

II. Old Business

a. City Recorder Report

Sue Hollis called attention to the agenda report and briefly reviewed the major topics. The FY 2010/11 Audit field work is scheduled for the week of July 14. The FY 2009/10 Audit was presented to Council on June 26th.

Staff is working with the City's IT consultant to develop specs for a new server and with a different consultant to backup the City's billing program.

The Willamina Cemetery GPR survey has temporarily been put on hold. There is simply not time at the present to devote to this interesting, but not vital, project.

III. New Business

a. Discussion of City Recorder Duties & Potential Options for Coverage During Upcoming Average

Sue Hollis reported that the months of March through July are the busiest for the City Recorder. Typically, August and September are not busy months, however, this year is an election year and candidates need to be certified by September 6th. The other duties that cannot be put off are payroll, payables and the City Council agenda. Debra Bernard, Office Coordinator, can do payroll. The Council meetings can be recorder and transcribed later.

Councilor St Onge reported that she had contacted Norma Alley, current President of the Oregon Association of City Recorders (OAMR) about retired City Recorders who might be willing to fill in at least part time. Ms Alley gave her a list of potential temporary replacements. The estimated cost is \$20-\$30 per hour, plus mileage. One name mentioned was Gayle Weibel. Sue Hollis responded that Gayle was very qualified and a delightful person to work with. Her only concern was about her accounts payable background. Following discussion, the Committee asked that a recommendation that City Council consider hiring someone from the OAMR list be included on the agenda for next week. Councilor St Onge will develop background information for the Council discussion.

b. FY 09/10 Audit Discussions re Internal Controls

Brief discussion occurred on how the City Council might assist in providing another set of eyes for internal control purposes. Sue Hollis felt that the suggestion that Councilor St Onge finalize the mailing of accounts payable checks would be a good way to start. With our small staff, separation of duties will always be a challenge that we need to find ways to deal with.

c. FY 2014/15 Manager Salaries

Sue Hollis called attention to the agenda memo on this subject and briefly reviewed its contents. Each year Council reviews the salaries of the two management positions, the City Recorder and Public Works Director, to determine wage increases, if any. Neither of these positions has a set pay scale like that of the represented employees. They also are not eligible for overtime, but do get 8 hours a month of Administrative Leave. She went on to note that the recommendation is a 2% increase which is the same increase that will be received by staff not at the top of their pay scale. The Committee agreed to recommend approval of the 2% increase to the City Council.

IV. Committee Member Reports

Potential Funding Sources

Committee members discussed potential options to increase the City's resources. Options discussed included review of the Library function to see if we can reduce hours and thus staff and still provide access to the community, and selling the old department store property and other City-owned property that is no longer needed. Councilor St Onge indicated concern about the cost of keeping the weeds out of Huddleston Pond in the future. She asked if we had any statistics on who uses the park and the reason. Hollis responded that we did not, but perhaps we could send out some kind of survey.

Policies & Procedures Manual

Councilor St Onge asked if there was a written internal policies and procedures manual. Hollis responded that there was not. It was the Committee's recommendation that such a manual be developed after we're farther along with the delinquent audits. This would be a way to document internal controls at the very least and should be helpful to staff working in Administration.

Monthly Reports

Councilor Hill asked that the Committee be provided with monthly reports showing budget versus revenues/expenditures. Hollis responded that these could fairly easily be done manually at present, but would be a month behind. She has in the past done quarterly reports and these would be similar.

V. Adjourn

There being no further business, the meeting adjourned at 5:25 pm.

Respectfully submitted,

Sue C Hollis
City Recorder

Public Works Monthly Report to Council

July 7, 2014

Water

This month we repaired 2 water services.

We still have more than normal water usage for this time of year. We are investigating to see if there are leaks or usage is just up.

Wastewater

Streets

4th of July celebration went well with one exception that we know of. On the night of the 4th a manhole cover from the bridge was removed and thrown into the river.

Now that the celebration has wound down we will start focusing on our summer projects: replacing storm down on Branson Street, cleaning open drainage ditches, etc.

Pot hole patching is continuing as time allows.

Parks

It's warmer weather and mowing is slowing down some. We are keeping up maintenance in all the parks.

Other

Thanks to a grant from our insurance carrier for safety equipment, we have purchased 2 new cameras for the fishpond, 6 new parade barricades, and an automated external defibrillator (AED). We are housing it at the library so that it will be centrally located for emergencies.

**WILLAMINA LIBRARY BOARD
MINUTES**

17 Jun 14

Present: Dan Goff, Joyce Zimbrick, Darlene Brown, Luana Aldama, Melissa Hansen

Absent: Linda Scott

Guests:

New Business:

Dan said Linda Scott would turn in a letter of resignation this week. She is unable to attend meetings.

Melissa told the Board about the Summer Reading Programs for adults and children.

Joyce said she heard a council member raise the question of having only one librarian. Melissa said that worked 25 years ago when she took no vacations or sick time and had the library open from 9:00 to noon and 1:00 to 5:00 closing on Friday mornings for meetings. Now with the large increase in circulation, attendance and public computer usage, longer hours and a minimum of 2 librarians are needed.

Melissa said she plans to have an open house in October to celebrate Oregon Reads. She is still working on organizing the non-fiction sections and plans to put on shelf labels this summer. There have been numerous positive comments about the library reorganization. Patrons are quite pleased with the new look.

Meeting adjourned at 8:35.

The next meeting will be 16 Sep 14 at 8:15 am.
